HPC TS

WORKSHOP ON HIGH PERFORMANCE COMPUTING

FIRST EDITION

The workshop is a unique and international event that highlights the state of art of High Performance Computing applied to Computational Science and Engineering.

The workshop will be held in Trieste, (Italy) at SISSA, the International School for Advanced Studies, and it's a great opportunity for leading scientists, students and vendors.

It's organized by the Master in High Performance Computing (MHPC), an innovative degree program that prepares students for the fast-growing field of HPC.

WHEN
FEBRUARY 24 to 26, 2016

WHERE
SISSA
TRIESTE (ITALY)
WWW.SISSA.IT

CONTACTS
INFO@MHPC.IT

INFO AND REGISTRATION
WWW.MHPC.IT/HPC-TS

PARTICIPATION FEE
TOTALLY FREE!

KEYNOTE SPEAKERS

Jack Dongarra, University of Tennessee
Wolfgang Bangerth, Texas A&M University
Nicola Marzari, Ecole Polytechnique Fédérale de Lausanne

SESSIONS

- Leading Scientists Seminars
- First Edition Students Thesis Presentation
- Vendors and Sponsors Seminars

ORGANIZING COMMITTEE

Giuseppe Piero Brandino (MHPC), **Nicola Cavallini** (MHPC), **Stefano Cozzini** (CNR Democritos), **Ivan Girotto** (ICTP), **Luca Heltai** (SISSA MathLab)

Participation fee is covered by MHPC sponsors.
